WFUL Seeks Champion Speller In Two States; Contests Start Saturday

Again this year, Radio Station WFUL will conduct the highly entertaining and yet educational "Spelling Bee of the Air," Station Manager Jo Westpheling said today.

With twenty schools in six counties competing, the first contest begins on Saturday morning, October 5, at 10:15 a. m. The contests will continue until December 14, then will be resumed after the first of the year when the grand championship speller of Kentucky and Tennessee will be selected.

The Spelling Bee of the Air is conducted along the lines of the National Spelling Bee contest. Student teams from two competing schools will sit opposite each other in the studio at the station and words will be tossed out to them by the Spellingmaster, J. O. Lewis, commercial manager at the station and former superintendent of schools in Fulton and Mayfield will act as judge for the contests.

Rules have been set up whereby schools winning on each of the Saturdays will meet winners in other brackets, thus eliminating teams from the schools who fail to make the winning points. Mr. Lewis said that the contests are based on the point system.

Standard spellers will be used from which to select the words. The sixth grades classes of the various classes will compete.

Jo's Note Book

You know there's something extremely amusing about being asked to make a speech. When the invitation first comes to you your chest swells with pride and you accept with a feeling of humility. As a matter of fact sometimes folks are darned modest about the invitation and say with some degree of truth, "well, what could I (emphasis on the I) tell them." Anyhow you accept and the more you think of the invitation to speak, the more important you think you are.

Leastway that's the way I felt when I was asked to make a talk before the student body at the Fulton High School on Wednesday morning. Several weeks ago Principal Mansfield Martin asked if I would be the speaker at the school and talk to the students on radio, its place in the community and the advantages in radio offered to young people as a career. Well, I thought about the invitation for a long time and there were times that I was tremendously pleased at the subject upon I was to speak and the many things that I could tell the students.

However, something else happens to me the nearer the time approaches for the actual speech making. For a few days before the day of "execution" I start waking up in the middle of the night and I can just see the faces of the people in front of me and the impression I seem to be making upon them. In my wakeful moments recently I could see the students and teachers looking out of the window and some of them even studying (in my sleep) their lessons, while I droned on about radio. One time (in my sleep) I even thought I saw a student get up and look for a radio set so he could make signs like turning off the program and then I would stop talking.

It is the last 24 hours before the appointed time for the speech that I pick up the telephone a dozen times and make like calling the person who issued the invitation and saying: "Look, I have contacted a severe case of typhoid fever and I can't be there to make the speech." Then I put the phone down and tell myself, "I can't do that." And of course I can't.

On the morning of the speech-making day is the time when I wake up coughing like mad. The more I clear my throat the more I convince myself that I just can't make the talk, I'm so hoarse I can't say a word. "Well," say I to myself "it just can't be help-

Fulton Businessmen, Women Invited To Have Free Picture Made Thursday

The publisher of the NEWS are inviting all Fulton business and professional men to come to the NEWS office today (Thursday) and have a free picture of themselves made.

Realizing that most businessmen and businesswomen will rarely take time out to keep current likenesses of themselves, the NEWS has made arrangements with a reputable photographer to be at the NEWS office on Thursday afternoon and evening for the purpose of photographing the community's businessmen and women so that the files of the NEWS will be filled with current likenesses.

These pictures are often needed to go along with a story in which the person is connected, such as civic drives, business dealings, Church affairs and the like, and the NEWS hopes that everyone will take advantage of this opportunity to have a free picture made.

No appointment is needed. Just come "as you are", when you can. However, if you would in order to possibly save time, you may do so by picking up the phone right now and calling 470.

Down the hill in the next block the hospital has moved and, as mentioned above, Dr. Putnam is planning to move. In the same area, however, are two newcomers: the Tiny Toggery recently moved into the building vacated by the Fulton Beauty School, and the Jewel Box has opened a new gift shop in the quarters formerly occupied by the Toggery.

That about sums it up for October 1, 1957. Rumor persists that there may be a consolidation of two major local firms in the near future, but that isn't official yet.

The Mail-Order Catalogues Are Upon Us

The brisk days of fall are just about on us, and so are the brisk efforts to attract our shopping dollar by mail-order.

The mail-order catalogues seem to be pouring into Fulton in record numbers, if the volume received in our office is any barometer. Why we're on anybody's mailing list I don't know; I don't recall ever having bought anything out of one of 'em. Over the past weekend we received five; four from Chicago and one from Dallas.

They are full of pretty pictures, an apparently imposing variety, and offer all kinds of discounts under the "established manufacturer's price," plus other gimmicks... but there's always some "catch" somewhere along the line. Rarely does one make anything near the whopping big saving that they advertise.

Beware of 'em. In the first place, you can't examine what you're buying like you can at a local store; in the second place returns, exchanges, refunds are sometimes very slow and exasperating, sometimes almost impossible; in the third place, when you bring your cash money to a local store, how do you know that you can't

get just as good, or better, a deal than you can thru the catalogue; in the fourth place a whole lot of the stuff is "off-brand" private-label stuff that is no guarantee of standard quality to you.

If you insist on buying from one of these catalogues that you're getting, at least go downtown in Fulton and examine similar merchandise and get their cash price, and then add your mail-order postage, insurance, packing and COD fees to that. If you're still of a mind to order by mail, stop and consider your feelings the next time you will have to go see this local firm about giving a donation to your church or school, or civic drive.

You still may not be convinced. Unfortunately there are still some merchants who feel that all trade in the area comes to them automatically, and they don't have to be competitive with the outside world, either in price, service, selection or friendliness. They don't advertise; they don't solicit the public. It is because of this group that the mail-order business continues to survive, and they are the lawful prey of the mail-order catalogues.

Beware of The "Easy Money" Rackets

THE NEWS will not knowingly accept a fraudulent advertisement, nor one that smacks of fraud or "gyp".

We refer specifically to the far-off firm who advertises that one can "make up to \$400 in spare time" sort of thing; (all you have to do is invest your life's savings in vending machines, etc.) We are receiving on the average of two or three of these kind of ads each month, and they are never published. Newspaper publishers throughout the mid-South have been warned not to accept them, although some papers still do, if they're more interested in making a dollar than protecting their readers.

SERMONETTE OF THE WEEK

Rock 'n Roll: Victim Or Villian

By John J. Kirvan, staff-writer,
aulist Feature Service

ROCK 'N ROLL continues to leave the nation "all shook up." So do juvenile delinquents. And many Americans would like to blame the music for the delinquency.

Are they right?

You've seen the headlines that read: "Rock 'N Rollers Riot." You know all about the tenn-age gangs who tear up theatre seats, smash windows and maul each other to the accompaniment of a Rock 'n Roll band. FEW HAVE delusions about the music itself. It is primitive, even barbaric. In lyrics, melody and arrangement there is a total lack of imagination. Much of it lacks every vestige of good taste.

But all this proves is that Rock 'n Roll is providing the musical background, not a cause or even an excuse for today's delinquency.

NO ONE really believes that switch knives will disappear when the last Rock 'n Roll tune drops from the hit parade.

But a lot of people would like to believe it. They embrace the theory, that to solve a problem, you look for a "bad guy." And as the delinquency statistics mount, the "bad guy" of a national tragedy has become Rock 'n Roll music.

A headline-frightened public is beginning to think that if you smash enough records you can solve the delinquency problem. It would be nice if we could solve a vastly complicated social problem in this simple fashion. Life would be simpler. But social problems never come phrased as easy yes-or-no propositions.

IF YOU BLAME delinquency on Rock 'n Roll you are going to have to ignore million of America's finest youngsters sitting at home listening to a Pat Boone record, or dancing to other moderate Rock 'n Roll artists. These good kids will listen to this music and never once be tempted to start a riot. If they are not already in the market for gang warfare, Rock 'n Roll isn't going to put them there.

To beat the delinquency sickness, America is going to have to examine its conscience, not its hit parade.

Delinquency is riding through America on the crest of a nation's flight from God. Broken families are spawning it. Homes empty of religion and ignorant of the personality and teachings of Christ are spreading it. Children with no reason for being good are turning out bad.

IN A YEAR Rock 'n Roll will have gone to the Limbo of forgotten fads. But unless God is given His due, delinquency will still be thriving.

A column devoted to the social events of our friends around Hickman. Call Joye at Hickman 2059 for your social news.

We have all been a little on edge this past week — the mothers and fathers have been looking forward to a certain day or night when their child would call — you know the first couple of months are the hardest!

Jimmy Whipple called Saturday to say it was a hard choice to make — all of the boys were so nice to him, but after giving it quite a bit of thought he went S. A. E. Of course this pleased his Dad very much for he too is a Sigma Alpha Epsilon.

Shirley and Helen French called their mother, Mrs. J. M. French Sunday to tell her — they had done a good two weeks work — Joyce Mabry, Ellen Kearby, and Anna Merle Hornsby had

pledged Kappa Alpha Theta. The three girls had two weeks filled with rushing from one party to the dorm to change clothes and rushing off to another party — all of the sororities were just won-

derful to the girls, but Anna Merle, Joyce, and Ellen felt that they would be happier with the Theta girls.

Phyllis Kelley called Katherine and Carlos to tell them she had pledged Kappa Delta. It was late Sunday night when Phyllis called, but she had been so busy and too happy and rushed to find time to call sooner. Phyllis had been to the K. D. open house, her big sister was the most beautiful girl, and the party was just out of this world — everyone was so sweet to her. It was hard for Phyllis to select a sorority for they were all darling girls, she certainly hoped she hadn't hurt anyone's feelings, but she felt she would be happier with the Kappa Delta girls.

Martha and Buba Hale had a letter from their son, Dub, who is at Centre College at Danville, Ky. Dub was excited over a part he had won in the first play of the year. Dub had to read his lines with an accent between a Russian and German — which he did very well, but how on earth did he know what a German and Russian mixture sounded like? We will have to wait till mid-term to hear what Dub will pledge for Centre has deferred rushing.

Mary Jo and Pies Fields had a long letter from Robert Dee this past week. Robert is a cadet captain at K. M. I. this year, and of course that means extra time, work, and pleasure for Robert. We were very pleased to hear that Robert was voted Co-Editor of the K. M. I. paper. There is no one I had rather tell you about than Robert for he has always been one of my pets. Dick Goadler tried out for the band at K. M. I. last week — and he will be playing his trombone in the marching band. We are real proud of you Dick.

FOOTBALL

The time has come to put away the backless dresses and shake the moth balls out of the old winter suit — for the fall air is always filled with footballs. Mr. and Mrs. Guy Hale and Linda drove to Lexington with Mr. and Mrs. Maxwell McDade to see Ole Miss and U. K. battle it out. While Ruby and Maxwell, Cindy and Guy took in the Lexington-Trots, Linda went shopping with Joyce Mabry and Ellen Kearby. Just to show you how our young ones get around the first person Linda saw down town was Robert Fields, who had come over from K. M. I. for the ball game — naturally Robert joined the girls. As the day progressed Dub Hale from Centre College fell in line with the Hickman kids. That afternoon Anna Merle Hornsby, Jimmy Whipple, and Phyllis Kelley came upon the scene. Max McDade took the entire crew out to view some of the beautiful horse farms. That night they all parted ways to go to the football game. Don't you know a grand time was had by all — even the old folks!

Diary of Doin's

By Mary Nelle Wright

Hear Mary-Nelle's program, "My Fair Lady" every day on WFUL at 9:30 a.m., Monday through Friday.

'Twas the time of the year when ALL thoughts turn to that game of games — FOOTBALL! Yes, it's the season when gay crowds get together and head for the nearest college or university to see a game.

And it is SO true that when a person loves the game — he or she will make every effort to see as many teams play during the season — as possible.

We heard an interesting story a day or so ago about TWO of Fulton's MOST ardent supporters of FOOTBALL. Perhaps 'twould be best NOT to mention any names — so here's what happened. These two "boys" had tickets to see a game at Paducah recently — so they started up that 'a way — in ample time to have dinner in the fair city and to be out at the stadium in time to see the KICK-OFF!

They were in NO hurry at all — and after having chatted with friends along the way — they decided they would get there in plenty of time. But as they neared the football field they were surprised to see that just about EVERYONE had made it out to the stadium at an EARLY hour. However, as they heard CHEERS and CHEERS coming from the crowd — they began to WONDER if their "clocks" were correct. Well, they WERE correct — as to FULTON time — but in PADUCAH — 'twas a little DIFFERENT — daylight saving, you know — and the GAME was HALF over!

How happy we were to see Millie McDade Shackleford and hubbie, John, Sunday. We stopped in Versailles, Ky. Sunday on our way home from Lexington and were greeted in the restaurant by Millie, John and Max McDade, who had driven over from Lexington to have Sunday dinner with the bride and groom. John is an engineering student at U. K. and Millie is attending Versailles High School where she will graduate in the spring. Millie is the daughter of Lab and Bill McDade of Mayfield.

Many a FAIR LADY in Fulton will be humming such tunes as "On The Street Where You Live", "I've Grown Accustomed To Her Face", "I Could Have Danced All Night", etc. after seeing the musical, "MY FAIR LADY" at the auditorium in Memphis this week. To list a few of the fortunate ones: Mary Latta, Ruby McDade, Ann Holland, Pearl Hogan, Mary Nelle Wright, Elsie Weeks, Jo Westpheling, Ina Little, Lena Hutcherson, Betty and Parks Weeks, Kathy Jones, Margaret Homra, Elva Fall and Jane Edwards.

Edra Earl and Gene Hilliard are home again after a delightful trip "down south" way. They visited at Tallahassee, Silver Springs and Cypress gardens where they saw the famous Florida water ski show.

In Daytona Beach they stopped for a visit with former Fultonians, Noble and Polly Morse. At New Smyrna Beach they were guests of the Troy Dudleys who were friends of Gene's while they were in Guatemala.

Other interesting cities included St. Augustine, Fla., Savannah,

Georgia and Knoxville, Tenn. where they were guests of Edra Earl's son, Wallace McCollum and her brother and his wife, Mr. and Mrs. Mayburn Green.

We chatted with Jetta and Jack Speight a few days ago and were happy to know that their son, Donald Mac, has accepted a position with Shell Oil Refinery of Wood River, Ill.

Donald Mac is working in the research laboratory as a designing engineer. He has completed three years at the University of Ky. as an engineering major and will continue to work on his degree while employed with the company in Wood River.

The Earl Bards of Water Valley returned home recently after a visit with friends and relatives in San Francisco and Whittier, Calif.

Mrs. Myrtle Kuykendall has returned from a visit with her son, Bonie, in Rochester, Michigan.

Mrs. F. B. Nickle and Mrs. H. H. Splawn of Memphis have returned home after visiting with Mr. and Mrs. J. A. Norment in Fulton.

Mr. Bessie Clifton has returned home after spending a week in Humboldt visiting Mrs. A. D. Hassel.

Donna Stegall of Jackson was the weekend guest of Bobby Newton at his home here.

Paul and Cynthia Wright, Mary and Walter Gore of Clinton have returned from an interesting trip. They visited in Colorado Springs, Denver, Cheyenne, Wyoming, Omaha, Nebraska, Des Moines, Iowa and Hannibal, Mo. They were away for about ten days.

Mrs. Curtis McAlister has returned home after visiting with her brother and family, Mr. and Mrs. Eugene Cates, Kim and Tarena, at their home in Huntsville, Alabama.

Mrs. James Adams gave her little daughter, Vicki Carol, a lovely party last week in honor of her sixth birthday.

The party was held on the lawn, and the children sang Happy Birthday, gathered around the birthday cake, which was beautifully decorated with six candles.

"Pin the Tail on the Donkey" was played with Paula Long winning first prize and Sidney Phillips, second prize.

Winners of "Drop the Clothes Pin" were Dennis Williams, Pat Adams and "Sardy" Harris.

Party plates of individual chocolate chip cup cakes, ice cream, bubble gum and orange pop were served. Favors were whistles.

nis Williams, Dianne Liliker and Patricia Clinard.

The adults assisting were Mrs. Hubert Adams, Mrs. Roy Adams, Mrs. Hassell Williams, Mrs. J. P. Greer, Mrs. Alton Roberson, Mrs. James Phillips and Mrs. John Adams.

Relatives and friends of Mr. and Mrs. J. P. Hicks honored the couple Sunday with a basket spread in the dining hall of Mt. Zion Church.

For the occasion the living room was decorated in bouquets of fall flowers.

The honoree wore a gift corsage of white carnations, tied with pink and blue ribbons.

During the evening, contests were enjoyed with Mrs. John Eason and Mrs. Odell Travis winning the prizes.

The hostess served individual decorated cakes and cokes to the guests.

Mrs. Gardner received many nice gifts.

Those attending and sending were Mrs. Porter Ellis, Mrs. H. P. Allen, Mrs. John Eason, Mrs. Odell Travis, Mrs. David Holloway, Jr., Mrs. N. F. Wilkerson, Mrs. Bob Harris, Mrs. Henry Grissom, Mrs. J. Plans are nearly completed for the thirty-eighth annual community fair and field day. The premium lists have been distributed for several days. It appears that there will be interesting exhibits and a day to be pleasantly spent. So every one come out and enjoy the day together.

The Chestnut Glade teachers attended the County teachers meeting in Dresden Monday night. Mr. Joe Morgan who will be remembered as a former pupil of the Chestnut Glade School, was the speaker of the evening. Joe is employed by the state department of education in Nashville. We regret that his many friends in Chestnut Glade Community were not privileged to hear him speak.

Dear Pat,
I enjoy the paper each week and would like to ask several questions, what happened to the last letter I wrote you?

Will my sister move to another state? If not could any of our family get the place and be successful?

Will my son ever move to the small farm, and when?

We don't think the business deal our boy did has been too good; are we expecting too much? Will the company ever do anything about it or should we write the Manufacture Company? Where did he lose his ring?

Will our neighbors ever move or will they buy the place where they now live, if so when?

Will I have another operation? I am worried about my trouble but don't know where or who to go to, please give me some advice as soon as possible.

Thanks,
M. E.

Dear M. E.,
Yes, your sister is going to move to another state. Yes, a member of your family could get the place. Yes, if the right person could get it and try, they could make a success of it. No, your son will never move to the farm. No, your son didn't do very good in his deal. I would suggest you write the manufacture company and get action. He pulled his ring off when he was wash-

ing and left it. Your neighbor will move around the first of the year. No you will not have another operation, but you do need to see a doctor in regards to your condition.
—P.

Dear Pat,
This is my second time to write to you. I asked you before to tell me if our street was going to be rezoned and you said it was. Now can you tell me about when it will be rezoned? Also, tell me when we will sell our home, and what kind of business will be here on this street? Will they take the whole block or just ours? Answer as soon as possible.
A Happy Reader,
B. R.

P. S. I was very happy with the answer you gave me before.
Dear B. R.,

It will be rezoned around the 1st of January you will sell during the month of December. There will be a big department store and it will cover a whole block.
—P.

Dear Patricia Latane,
I wrote to you some time back and didn't get an answer. I read your column every week and enjoy it so much.

Would you please answer some questions for me. Would you please tell me what happened to my son's quilt, if you can give me initials, and what happened to my husband's silver dollar? I will be so grateful to you if you will answer in next week's issue. Will my future be more happy than the past.

Thanks so much,
Weekly Reader

Dear Weekly Reader:
Your answer appeared before in this paper, in the last 2 or 3 weeks.
—P.

Dear Pat,
I have some questions I'd like for you to answer for me please. Will my husband and I ever be able to buy a reasonable price and get a clear deed to the property that joins us? If so how soon?

Will I ever have any children? What is wrong with my stomach? Will it ever be better? Is my husband's health good. If so, why does he have such pains in his chest? I take the News and will be looking for your answer.
Thank you,
M. S.

Dear M. S.,
Yes, but it will be the latter part of 1958 before you can do this. You could get it now but would not be able to get a clear deed before 1958. Yes, you will have two more children. Yes, your stomach will be better. I suggest you stop eating fried foods for awhile. Your husband's health is fair, but he should see a doctor about the pains in his chest.
—P.

Dear Pat,
I have been reading your articles for quite some time and would appreciate it if you would answer as soon as possible?

Does D. A. love me? Will we be married soon? When will we be married? Will he continue to work where he is now? How long? How many children will I have and when? I would appreciate it if you would answer this as soon as possible?

Deep appreciation,
A. B. G.

Dear A. B. G.,
Yes, D. A. is in love with you. You will get married but not real soon, it will be in August 1958 before you marry. Yes, he will

continue to work on at the same place. You will have three children, but lets wait until you marry before we give the dates.
—P.

Dear Pat,
Will you please answer some questions for me as soon as possible?

Does my wife love me and the children? If so, why does she want to go all the time by herself? Who does she go to see, two or three times a week at night? And does she like this person a lot? When will we every buy a home of our own? What is the matter with my wife's health and does she like the place where she is now working?

Thank you very much,
L. S. P.

Dear L. S. P.,
Yes, I guess your wife loves you and the children in her way. Your wife likes a lot of attention and likes to be fussed over. Made to think she is beautiful, desirable, wanted etc, this person your wife is meeting tells her these things. Its not that she is in love with him, its that she enjoys hearing how beautiful, etc, she is. You will buy a home in the spring of 1958, there is nothing wrong with your wife's health and as for her work, she likes it.
—P.

Dear Pat,
I would like for you to answer some questions for me.

Who will I have my first date with? How old is my boyfriend? Does he like me? Give me the initials of the boy I will marry? What street does my boyfriend live on? How many brothers and sisters do I have? Will my boyfriend set by me at the next ballgame? What year will I get married?

Could you tell me where my brother's baseball bat is? He lost it somewhere in the backyard while playing ball.
Anonymous

Dear Anonymous:
I really think you should be more interested in your studies at school and church work than in boys, at your age. I suggest you start worrying about your grades and not boys, your grades at the present are very low, and if you would spend as much time studying as you do worrying over the boys you would come up with A's and B's in place of so many D's and F's. You aren't attending church and Sunday school and you should. When you get to be about 16 years old you write me again and I will be glad to give you some advice on boy friends, but at your age you need to be thinking about a lot of other things.

IT HAPPENED IN KENTUCKY

1781—FIRST BRICK HOME IN KENTUCKY
At Crab Orchard, Lincoln County, Col. Wm. Whitley built the first of Kentucky's fine mansions. An outstanding pioneer leader, Whitley called his 140-acre estate "Sportsman's Hill". Fine carved paneling and other materials were brought by pack mule through Cumberland Gap. Early guests included Boone, Harrod, Clark, and Gov. Isaac Shelby. Now well over a century old, the house was restored in 1939, and preserved as a State shrine.

In Kentucky's historic past, just as today, many of our citizens have always enjoyed a glass of beer. The brewing industry makes jobs for thousands of our residents. The sale of beer under orderly conditions is an important objective of the United States Brewers Foundation. Our continuing educational program helps beer retailers maintain their high standards.

Fresh Ideas
help keep the
Illinois Central
young

Every year a fresh crop of "bright ideas" helps us perform a better job for our customers and friends.

These ideas come from our own railroad people. Mostly, they suggest small improvements—a way to save a few hours in building a freight car, a plant track to reduce switching time, a quicker way to test brakes on a freight train.

We adopt an average of better than 3,000 ideas a year. Every one of them makes the Illinois Central a better railroad. And for every idea adopted, an employee wins a cash award.

This steady flow of fresh ideas, plus the expenditure of better than \$249 million for improvements in the past ten years, enables us to give Mid-America the kind of transportation service it must have to stay prosperous and strong.

to these farmers with late lambs is to try to get every lamb weighing 85 pounds or more on the market by October 15th. It will pay big dividends to feed some grain to these late lambs even though they are on lespedeza pasture. If they get to 85 pounds by late October or early November, market as soon as possible. Keep the remainder until spring grass will fatten them. Remember, drench all late lambs and especially the ones you hold over. Here is how to mix it. One pound phenothiazine to 1½ pints water, give late lambs 1 ounce to 1½ ounces according to size and weight. Keep phenothiazine salt before sheep at all times and here is how to mix that: one pound phenothiazine to nine pounds salt and mix thoroughly. Mix it as it is needed. Older ewes that are heavily infested with worms should be given one ounce every four days until you give her four ounces.

If you have lambs that have been shorn running with woolled lambs you should separate them or shear the woolled ones. You can not expect much gain from the

Farm News, Meetings, Events

(Ed's note: the following information, supplied THE NEWS by the USDA, ASC, nearby County Agents and agricultural agencies will be of special interest to progressive farmers in the Ken-Tenn area):

INCENTIVE PAYMENTS MADE TO WOOL GROWERS

Wood producers of Fulton County have received a total of \$5,344.62 in incentive payments for 32,357 pounds of shorn wool which they sold in the 1956 marketing year which ended March 31, 1957. It was reported this week by Roy Bard, chairman of the county ASC Committee.

Producers of the county have also received \$1,627.44 in incentive payments on sales of 247,479 pounds of unshorn lambs in the last marketing year, to compensate them for the wool on the animals.

The incentive payments received by producers are net after deductions of one cent per pound from shorn wool claims and five cents per hundredweight from unshorn lamb claims, as authorized in a referendum of wool growers in 1955. These deductions go into a national fund for the promotion of the wool and sheep industry. Such deductions in Fulton County for the 1956 marketing year have amounted to \$446.68.

1958 WHEAT ACREAGE RESERVE PROGRAM

Thirty Six Obion County farmers thus far have put 485.4 acres of their wheat-allotment land under the 1958 Acreage Reserve program, Mr. C. C. Vaughn,

clipped lambs since they will stay in the shade with the woolled lambs during the warm part of the day instead of grazing. This is especially true during the warmer days in the fall from 10:00 a. m. to 2:00 p. m. New sheep, as far as I know can not tell time, but the sun is somewhat warmer at this period of the day.

Don't forget the possibility of silage for sheep next year and make plans to have some. These dry seasons make it hard for a lamb to gain weight whereas a nice slice of silage would go well with these dry pastures. Trench silos are easy to construct and are cheap too. Why not can some sheep pasture next year.

Chairman, Obion County Agricultural Stabilization and Conservation Committee, said today. If these farmers comply completely with the terms of their wheat agreements, they will be eligible for program payments totaling \$10,650.29.

With only four days left before the October 4 program deadline, Mr. C. C. Vaughn reminds farmers who intend taking part in the 1958 Acreage Reserve program for winter wheat that they will be expected to furnish the County ASC office with their crop production history for 1956 and 1957. From this information, a Soil Bank base and a "permitted acreage" will be determined for the farm, and this must be done before the producer signs his 1958 Acreage Reserve Agreement.

The base will be established primarily on the basis of the average acreage of land devoted to base crops during the past 2 years. (Soil Bank base crops in general are all crops produced for harvest on a farm except hay crops.) The permitted acreage will, in general, be determined by subtracting the number of acres in the Acreage Reserve and in the Conservation Reserve from the total in the Soil Bank base.

Under the 1958 program, farmers must not only reduce their acreage of the allotted crop, such as wheat, by the amount of land placed in the Acreage Reserve, but they must also not exceed the farm's permitted acreage.

Harvesting more total acreage from a farm than the permitted acreage would mean loss of the total Acreage Reserve payment.

Hickman ASC Office Called State's Best

Hickman County's agricultural stabilization and conservation office has been named the outstanding county A. S. C. office in the state for the year.

State A. S. C. Chairman Roy C. Gray announced that the Hickman County ASC office manager and the county committee will be honored at a banquet to be held in Lexington, Kentucky, Tuesday night, October 1.

County offices were judged in this contest on the basis of their overall efficiency of operation which included the manner in which the county office serviced farmers in their respective counties, in terms of dealing courteously with farmers and seeing that the farmers are adequately informed of all of the agricul-

WFUL SEEKS

Continued from page One

Grade spellers in this vicinity. After the excitement had cleared, Sandra Forrester of Rives, Judy Green of Wingo and Lee Cantrell of South Fulton were declared the winners and received the championship prizes. Sandra was presented with a beautiful Western Flyer Bicycle from Thad Fagan. Nathan Wade of Wade Furniture presented Philco Portable radios to Judy and Lee.

It wasn't an easy victory for the girls. Before they went into the sudden death overtime, they had eliminated seven outstanding spellers; Ann Sudbury of Union City, James Lee Marcus of Greenfield, Nancy Sisson and Kay Stark from Terry Norman School of Fulton, Janet Harris of South Fulton, Eddie Boyd of Cuba and Suzanne Meek of Obion.

This was the windup of the Spelling Bee after three months of competition over WFUL. The competition is on again this year with schools competing from:

Tennessee:
Sharon, Rives, Union City, South Fulton, Martin, Greenville, Dixie, Welch.
Kentucky:
Cuba, Hickman, Terry Norman, Beeler, Cayce, Water Valley, Tyler, Wingo, Clinton, Fulham, Carr Institute, Columbus.

NOTEBOOK

(Continued from Page One)

ed. I'll have to call and tell them I can't speak above a whisper." But then when the children wake up and I start handing out directions to them about what to wear, what cereal to have for breakfast what socks match the dress, etc. I realize that my voice is as strong as a top sergeant, in the front ranks, and the voice excuse is no reason for cancelling the talk. It just has to be made . . . period.

So after convincing myself that I cannot get out of making the speech I prepare to go to the "place of execution" and I start getting butterflies in my stomach. I take a dose of nerve medicine, I change clothes a dozen times so that I will look and feel just right, and then I take off for the meeting place.

On Wednesday morning I was at school about 45 minutes before it was time to talk. That gave me that much time to contemplate my nervous condition and by the time it was time for Mr. Martin to take me to the study hall I felt like being escorted up the steps on a stretcher. I walked up on my own steam however, and as the time neared for me to get before the speaker's stand my mouth was dry, my throat was parched and I just hoped that I would be the faintest.

RUPTURE EXPERT COMING TO MAYFIELD & UNION CITY AGAIN

GEO. L. HOWE
Well-known expert, of Indianapolis will personally demonstrate his method without charge at the Davy Crockett Hotel, Union City, Tuesday, Oct. 15th from 2 p. m. to 6 p. m. and at the Hall Hotel Mayfield, Thursday, Oct. 17th from 2 p. m. to 6 p. m. Evening by appointment. Ask for Mr. Howe at desk.

Mr. Howe says the Howe method contracts the openings in remarkably short time on the average case, regardless of the size or location of the rupture and no matter how much you lift or strain and puts you back to work the same day as efficient as before you were ruptured.

The Howe Rupture Shield has no leg strap; waterproof, sanitary, practically indestructible and can be worn while bathing. Each shield is skillfully molded and fitted to the parts under heat which gives a perfect fit and satisfaction. Large and difficult ruptures following operations especially solicited. Do not overlook this opportunity if you want gratifying results. Mailing address: Howe Rupture Shield, Washington at Lincoln, Oakland City, Indiana.

To tell you the truth I don't know why I get so scared. I have been told that some of America's greatest speakers never get over that first crippling fright of standing on their feet before an audience. If that's the real truth, then I'm another William Jennings Bryant. I don't know why my nerves almost shatter before I walk from a chair to a speaker's table. Maybe it's because I know my limitations as a speaker and I ought not to accept invitations to speak.

But you know what . . . after I do get started talking I enjoy the occasion to the utmost and sometimes I talk so much I do put people to sleep. But so it goes. I did appreciate the invitation to speak to the Fulton High student on radio . . . because radio is a very interesting and compelling subject and there's a lot that can be said for it.
